

Complaints policy

Policy Statement

Newark Emmaus Trust strive to give our residents great service during their time with us in our Supported Housing Project but sometimes things can go wrong. We aim to put things right quickly and learn from each complaint to improve things for the future.

We define a complaint as " an expression of dissatisfaction about the standards of service we provide, or a lack of action by the Trust, its staff or those acting on our behalf that affects a resident or a group of residents.

A complaint can be raised by any resident about their home or the services we provide. We recognise complaints may come in many forms from our residents surveys to something you may raise with your keyworker.

Anyone who raises a complaint can expect to be dealt with:

- With dignity, respect and courtesy.
- With impartiality and objectively
- Be listened to without assumptions being made.
- Have the complaint dealt with in an open and transparent way
- The complaint will not impair future relationships
- We will be honest and admit if we get things wrong then put things right
- We will given a written explanation if we do not accept your complaint.
- We will provide contact details of other organisations who can offer help with your complaint if you are unhappy.

We will ensure this process is accessible and you receive help if needed from us or external bodies. We can help with different formats or easy to understand formats or your keyworker or any other person you choose can support you.

Our complaints policy has 2 stages with stage 1 being a thorough investigation and stage 2 is a review of the investigation if you are dissatisfied with the result of Stage 1. At stage 2 we will supply other organisations you can contact including the Housing ombudsman.
